America 250 SAR*

Compatriots:

I have been in contact with Shawn McBurney, Senior Manager of State Outreach | America 250 Foundation. He is asking for our assistance in helping to get Commissions set up in the States, and has given us some of his contacts that he is working with. If your Chapters will contact them, to offer any assistance, it would be great.

Below are the contacts that are working on establishing 250<sup>th</sup> organizations in states. They are working with state legislators or other state officials in the creation of state 250<sup>th</sup> organizations. They may be interested in working with your SAR state contacts. Texas is very important this year as their legislature only meets every other year.

If you have contacts with your state elected representatives, contact them to get the ball rolling. I have two pdf's from him for your review.

Thanks for your assistance and leadership in this matter.
